

EksoPulse Analytics

A cloud-based solution to deliver utilization metrics for rehabilitation

Ekso GT can help rehabilitate patients after a stroke or SCI. Now with EksoPulse you can help improve productivity in physical therapy and deliver a more personalized approach in rehabilitation.

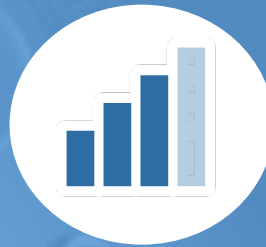

Data Analytics

Reinforces the advantages of going digital in rehabilitation by replacing manual note taking with cloud-based analytics.

Data Transmit

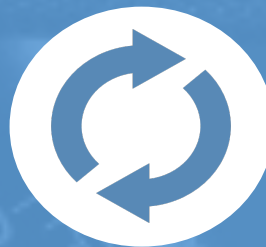

Don't miss details in your rehab session by wirelessly sending your rehab data & boosting productivity.

Data Security

Protect your rehabilitation data with cloud-based de-identification, and authentication.

Cloud-Storage

Don't worry about losing rehab results as all data is backed up on a reliable cloud server.
